IQNet Academy course adapts to the new ISO 45001 standard

03 May 2018. IQNet Academy recently released the updated courses for ISO45001 Internal Auditor and ISO45001 Lead Auditor. The revised courses are designed to adapt to the requirements and improvements under the new ISO45001.

ISO 45001 sets the minimum standard of practice to protect employees worldwide, applicable to all organizations, regardless of size, industry or nature of business, it is designed to be integrated into an organization's existing management processes and follows the same high-level structure as other ISO management system standards, such as ISO 9001 (quality management) and ISO 14001 (environmental management).

Source: ISO

The course lets student understand the principles of audit, understand the functions and competences, and methodologies that an auditor must carry out in different audit environments, and be able to apply the auditing guidelines to ISO 45001 audits.

The IQNet Academy course is provided by IQNet Partners in different countries. To know the IQNet Academy ISO 45001 Internal and Lead Auditor courses near you, including the other courses being offered under the IQNet Academy, visit www.academy.iqnet-academy.com.

IQNet Academy is a project of IQNet to promote and provide continuous education to management system audit practitioners. It serves as an attestation of the training received and knowledge acquired by the participant, but not his/her ability, competence or experience related to audits. Together with its Partners, IQNet is continuously building up the IQNet Academy portfolio of courses to address the needs of the industry.
