

IQNET Association welcomes Institute for System Certification (ICS) as Associated Member

Bern, 12 June 2021 – IQNET strengthens its presence in Eastern Europe as the General Assembly accepted Institute for System Certification (ICS) as Associated Member.

ICS is the 36th Member of the IQNET community and making Bosnia & Herzegovina as the 34th country headquarter.

Accredited by a European cooperation for Accreditation (EA) MLA signatory, ICS is a homegrown certification body with extensive experience in providing certification services.

“ICS is providing conformity assessment services for more than a decade and continuously promoting quality through professional and governmental cooperation in its market of influence. IQNET intends to complement these strengths by providing ICS more opportunities for cooperation and further their capacities through our sharing of expertise” said Pedro Alves, Managing Director of IQNET.

IQNET Members gain from the recognition of equivalence, member cooperation, value-added products (training, own certification programs, etc.), harmonization efforts within the network, and improvement of processes through regular peer assessment reviews. ICS is expected to comply with the rules and regulations of the network at the same time tap these advantages to gain more confidence in assisting their clients.

Through its Members, IQNET is considered present in 98 countries, through 400 offices worldwide.

IQNET Association and ICS cement its partnership as the Associated Member policy was signed June this year.

About IQNET

IQNET - The International Certification Network has been active since 1990, with 37 Partner certification bodies and with more than 400 offices worldwide. Each of these IQNET Partners is a leader in their region, and collectively through IQNET represents the most extensive and reputable network of certification bodies. IQNET Headquarters is based in Bern, Switzerland.
