Global Compliance Certification Australia joins the IQNET Community

Bern, January 2026 – IQNET proudly welcomes Global Compliance Certification (GCC) Australia as a new Member, expanding the benefits of IQNET cooperation and influence in the Oceania region.

GCC is a leading independent certification body for Quality, Safety, Environment, Information Security, Food Safety and other Management Systems, as well as for local regulatory schemes. The Member also provides value-added certification services to government, public and private sector organizations.

GCC is accredited against ISO/IEC 17021-1 by International MLA signatories. In addition to compliance with accredited or recognized international requirements and criteria, GCC was selected due to its established capabilities, resources, services to contribute to the purpose and strategy of IQNET; and most importantly, displays integrity and competence in their country and market of origin.

As part of the IQNET community, GCC from now on takes part in sharing and cooperation initiatives of the Network, harmonization of integrity principles, operation criteria, products and services. This allows GCC to better support their clients in achieving global competitiveness, get access to innovative and globally recognized products and trusted services.

Business certified by GCC in Australia, from this point forward, shall receive a complementary IQNET statement of recognition, be present in the IQNET database of registered organizations, and may proudly carry the IQNET recognized certification mark. These exclusive benefits allow the certified company to be recognized worldwide, to be at par with international players, and become verifiable, opening for them more opportunities to trade, build international presence, and sustain growth.
